

Dear Parent/Carer

Social Media is a growing phenomenon and as a school we aim to help inform parents and carers of the possible risks their children and young people face. The link below describes why children and young people use social media, what some of the dangers might be and how parents can engage with their children to protect themselves online. It is a very short publication but reminds us all of the possible risks and practical solutions to help minimise these.

[Child online safety: a practical guide for parents and carers whose children are using social media.](#)

I hope you find it useful and as always, please do not hesitate to contact me if you require further support with regards to e-safety.

Many thanks

Mrs Tracey Dibbens
Designated Safeguard lead
